RB 900 DP

900 CFM Direct Pressure Blast System

The RB900DP is a complete Direct Pressure Blast System which incorporates a 1.5 cube Blast Pot with a high quality Micro Metering Valve, RB900 Reclaim and RB900 Cartridge Style/Timed Reverse Pulse Dust Collector into one unit. The result is a very high powered, state of the art Direct Pressure Blast System. The 2 HP/900CFM dust collector combined with our 900 CFM reclaim insures clean media at all times for optimal performance.
